

Course : PRO201x Front-End web development	Assignment number: 2/4
Dev Lead: QuyetN	Date issued: 06/2016
This assignment requires all students to take approximately 2 hours to complete.	
Corresponding to course outcome:	

Fraud: a form of taking another person's works and using them as your own. This action is expressed in many forms, such as the way people directly copy information from websites or books without referencing in the document; or a team-work assignment but taken as a personal achievement; or copying other students' assignments; or stealing/buying someone's works and sending in as the work of their owns. The students suspected of fraud will be investigated, and if found to be fraudulent, would be subject to the disciplinary actions taken by the university.

Every copied or paraphrased information taken from any kind of sources (ex: the Internet, books) must be placed in quotation marks and italics, with references to the source document.

The summited assignments will be checked by fraud detection and prevention software. All forms of deceptions will be considered as violations of examination regulations.

Assignment submission

- Students must submit assignment on the LMS system, and comply with the requirements specified in this submission.

Assessment provisions

1. Students, who do not submit assignments, will be assigned marks of zero (0)
2. Any case of Fraud will fail the exam.
